

mastafix20

3-in-1 cement

mastafix20 is a versatile 3-in-1 plaster based cement with a setting time of 20 minutes.

Ideal for patching and fixing cornices, mastafix20 also performs well as a bedding cement ideal for small jobs, such as maintenance and prepaint repairs.

performance

Mixing

Mixes easily by hand to a creamy consistency.

Body and Grab

Good body with fast and strong grab.

Workback

Partially set product can be reworked and used again to deliver a polished finish for mitres. Easy to straight stop and clean.

Setting

An even and gradual 20 minute set that can be accelerated to as little as 5 minutes by extended mixing.

Sustainable

Low VOC meeting sustainable building project requirements.

key benefits

- For patching, cornice and jointing
- Sets quickly
- Easy to work with

product information

product size	10kg bucket
type	Setting powder cement.
mixing ratio	1L of water to 2kg of mastafix20
working time	15 - 20 minutes
setting time	20 minutes ✓Adjustable
system usage	✓Cornice ✓Patching ✓Jointing ✓Standard systems ✓Wet area systems
VOC	<50g/L as VOC content per coating

application

- Always use clean tools and containers.
- Pour the required amount of clean tap water into a container. Add the powder into water, mixing continuously to a smooth, thick consistency. Over mixing will accelerate the setting time.
- Only mix enough cement to be used in 15 minutes, and do not contaminate with previously mixed batches. Once the material starts to set it cannot be remixed.
- **mastafix20** will accept most types of decorative finishes. In accordance with AS/NZS 2311 Guide to the painting of buildings, a three coat paint system must be used. This consists of a sealer/undercoat and two coats of paint.

optimise product performance by:

- Storing in a dry, well ventilated environment fully protected from the weather.
- Washing tools before product dries and hardens.
- Ensuring **mastafix20** does not dry out before setting has taken place under severe hot dry conditions.

Quality
ISO 9001

All Siniat products have been developed to meet the specific needs of the Australian market. Products manufactured in Australia comply with quality systems certified as complying with AS/NZS ISO 9001:2008 and meet the requirements of AS/NZS 2588, Gypsum Plasterboard.

The following Siniat products have been independently certified by Global GreenTag to GreenRate Level A: **mastashield**, **fireshield**, **fireshield h**, **soundshield**, **watershield**, **spanshield**, **multishield**, **curveshield**, **opal**, **trurock** and **trurock hd**. Compliance certificates are available on siniat.com.au.

All Siniat plasterboard and metal products are available on the Siniat Carbon Neutral Opt-In program to help you meet your sustainability goals. Visit siniat.com.au to find out more.
