

mastagrip

stud adhesive

mastagrip is a high quality acrylic stud adhesive for adhering plasterboard to timber and metal frames. It is used with screws or nails and forms a tough, flexible bond which resists cracking and compensates for minor frame irregularities.

Use of **mastagrip** will minimise screw popping and reduce the number of screw heads that may show in glancing light.

performance

Body and Grip

Good body for easy placement of daubs and great initial grip.

Colour

Blue for easy identification

Sustainable

Low VOC meeting sustainable building project requirements.

key benefits

- sticks to treated timbers
- complies with AS 2753:2018
- fast tack

product information

product size	1.25kg and 5.2kg buckets, 600mL foil tube
type	Premixed stud adhesive
drying time	Allow 24 hours. Drying time varies depending on temperature and humidity.
system usage	✓Timber ✓Steel ✓Standard ✓Treated timber: CCA H2, LOSP H2, Tanalith H2F
voc	<50g/L

application

- Use of stud adhesive is not permitted in fire rated systems or tiled areas in wet areas.
- **mastagrip** can be used on CCA H2, LOSP H2 and TanalithT H2F treated timbers.
- Timbers must have been treated, dried and stored in accordance with the timber manufacturer's procedures for effective bonding.
- Do not use on timber which is wet, moist, unseasoned or green.
- Frames must be clean, dry and free from grease, dust and other contaminants.
- Plasterboard must be fixed before adhesive skin.
- For internal application only.

optimise product performance by:

- Firmly closing the lid to prevent the compound from drying out.
- Washing tools before product dries and hardens.
- Storing in a dry, well ventilated environment fully protected from the weather.

Quality
ISO 9001

All Siniat products have been developed to meet the specific needs of the Australian market. Products manufactured in Australia comply with quality systems certified as complying with AS/NZS ISO 9001:2008 and meet the requirements of AS/NZS 2588, Gypsum Plasterboard.

The following Siniat products have been independently certified by Global GreenTag to GreenRate Level A: **mastashield**, **fireshield**, **fireshield h**, **soundshield**, **watershield**, **spanshield**, **multishield**, **curveshield**, **opal**, **trurock** and **trurock hd**. Compliance certificates are available on siniat.com.au.

All Siniat plasterboard and metal products are available on the Siniat Carbon Neutral Opt-In program to help you meet your sustainability goals. Visit siniat.com.au to find out more.
